NEW! Rejuvé3 Reconditioning Light Hair Dressing

Enhanced with ProGrowth Technology, this non-greasy light hair dressing (solid oil) penetrates and nourishes the scalp, while protecting hair and holding desired style. Active conditioning agents impart a groomed look, while aiding in new healthy hair growth. Eliminates frizz, texturizes and shines, achieving smoothness and preventing hair loss. Ideal for styling, curling, heat applications. Won't harden.

Key Ingredients & Benefits:

Jojoba Oil: A natural emollient which helps to restore the hair into a silky and conditioned state, bringing back its shine, luster, and natural beauty.

Phytantriol: Minimizes mechanical damage to hair.

ProVitamin B5: Improves texture of hair that has been damaged physically or by chemical treatment; Optimal protection against UV damage and hot blow drying.

Lanolin: An emulsifier rich in fatty acids to lubricate and soothe the scalp without unpleasant stickiness, while protecting it from epidermal moisture loss.
